

# The Macquarie Memo

Issue 5: 3 March 2022

## From our Principal

Tomorrow we will be cleaning up Australia - well maybe just Macquarie Primary School for now. On Friday 4 March we will be hosting a whole school event to clean up our community and consider how we can make more safe and respectful choices to conserve our environment. This year's theme is the same as last years – 'STEP UP TO CLEAN UP'. As our whole school inquiry into 'community' comes to an end soon which makes it fitting to empower students and the wider community to 'take action'. Taking action is the concluding stage of the inquiry process. It assists students to consider what they have learned and encourages them to respond, applying their new knowledge and skills. Students will be asked...if we have considered how we acknowledge Country and what we value in our community, then how can we apply this knowledge through our environmental lens and the concept of sustainability? We will be encouraging students and staff to make action pledges that can be shared with our community through Class Dojo.

One of the goals in our Annual Action Plan is to 'improve student gain in literacy'. As a school we have been implementing 10 Essential Literacy Practices across the school over the past two years. These ten evidence based practices were developed through research conducted by Professor Nell Duke. While these practices are not the only literacy practices that should be used in the classroom, they are essential to improving literacy outcomes.

The 10 Essential Instructional Practices are:

1. Deliberate efforts to foster motivation and engagement within and across lessons
2. Read alouds of age appropriate books and other materials, print or digital
3. Small group and individual instruction, using a variety of grouping strategies, most often with flexible groups formed and instruction targeted to children's observed and assessed needs in specific aspects of literacy development
4. Activities that build phonological awareness (Years K and 1 and as needed thereafter)
5. Explicit instruction in letter-sound relationships
6. Research-informed and standards-aligned writing instruction
7. Intentional and ambitious efforts to build vocabulary and content knowledge
8. Abundant reading material and reading opportunities in the classroom
9. Ongoing observation and assessment of children's language and literacy development that informs their education
10. Collaboration with families in promoting literacy.

In addition to implementation of the above we also use a coaching model to upskill new educators and new staff to the school and use a teacher inquiry model to concentrate efforts on areas of need for our students in this unique setting. The inquiry model looks deeply at student data and evidence of learning to drive conversations about ongoing improvement and approaches to teaching.

Have a great week.

Jodie

### Birthday Food

With current Covid restrictions we are unable to share food at school. This includes birthday cakes, lolly bags etc. We request families don't send in food to celebrate birthdays. We appreciate this is a change for families but hope you can understand the reasoning behind it. We want to keep everyone as safe as possible. Teachers are celebrating with students and making their day special in other ways.

### Sunscreen

We are a SunSmart school. We are happy to give children reminders to wear sunscreen if they bring their own along in their bag. If your child brings sunscreen please let the teacher know.

## MASK RULES REMAIN IN SCHOOLS

The mask rules for ACT schools and early childhood settings have not changed. Face masks must continue to be worn by staff and visitors in all indoor spaces at school and early childhood education and care settings.

Students in years 7 to 12 are also required to wear a face mask while in an indoor space at school.

The wearing of masks for primary school students is at the discretion of the student and their parents/carers but is not recommended for children in ECECs, or preschool to year 2.

The measures we have in place, including mask-wearing, are helping to limit the impact of COVID-19 and ensure continuity of learning for our students.
