

Pick up process – Macquarie Primary School – starting Monday 21 February 2022

- Follow the signage provided, follow staff directions
- Stay in your car, keep your car running
- No parking in the disabled or parks along the rose garden (marked in blue) between 2.30-3.30 (there is a disabled park in the top carpark for those with a disability parking permit – marked in green)
- Do not loop around the car park roundabout – go out, loop Erskine Street, come back
- Do not stop behind parked cars, do a loop around Erskine Street and come back
- If your child is not at the red curb ready for pick up, do a loop, come back (when you stop and wait it holds up others who have children waiting – we get a long line out the gate)
- Pull into the curb to pick up children – do not allow children to run across traffic to get to your car
- Move forward as far as you can so cars behind can pull in
- When someone in front leaves, move forward so people are only joining the line from the back
- Teach your children to get in the car and do their own seatbelt so you can move on quickly
- Drive safely in the carpark, take it easy, be patient, take care, follow these processes.
